You will be invoiced for Platinum Corporate Partnership dues upon receipt of form.

Partnership recognition for a 12-month period will begin upon receipt of full payment.

WORKING TO GET CRITICAL FUEL WHERE IT IS NEEDED, AND AS QUICKLY AS POSSIBLE

PMAA is a federation of 46 state and regional trade associations representing approximately 8,000 independent petroleum marketers nationwide. PMAA companies own 60,000 retail fuel outlets such as gas stations, convenience stores and truck stops. Additionally, these companies supply motor fuels to 40,000 independently owned retail outlets and heating oil to over eight million homes and businesses. PMAA members are engaged in the transport, storage and sale of petroleum products including gasoline, diesel fuels, kerosene, jet fuel, aviation gasoline, propane, racing fuel, lubricating oils, and home heating oil at both the wholesale and retail level. PMAA members are the primary conduit for bringing petroleum products from the terminal rack to retail locations and represent a vital and indispensable link in the nation's petroleum distribution chain.

The Petroleum Marketers Association of America (PMAA) has a new program providing timely value to any organization responding to emergencies or disasters in the United States.

Petroleum marketers are front and center in providing fuel in their communities on a daily basis, but when disaster strikes they are ready to respond nationally. While most people are hunkering down to ride out a disaster, petroleum marketers are preparing to deliver fuel where it is needed, and as quickly as possible. Fuel delivery is critical for providing emergency services, restoring utilities, and rebuilding after disasters.

As a premier national trade association representing petroleum marketers, we have created a program to connect companies and organizations responding to disasters. Fuel delivery is paramount for successful disaster response, and our PMAA State Association marketer members are here to provide that service.

We founded the PMAA Disaster Fuel Response Program where we provide up-to-date information of marketers who are willing to deliver fuel to utilities, government agencies, companies and organizations that respond to disasters.

PMAA has recruited and will always provide an up to date list of marketers to choose from.

You directly choose the marketer that best fits the mission.

You negotiate fees and services directly with the marketer chosen.

We have PMAA members from all over America who have joined the program and are prepared to respond to the next emergency or disaster. For access to this great new program, please submit the "Sign me up as a PMAA Platinum Corporate Partner" form. Becoming a Platinum Corporate Partner allows you to access the benefits of PMAA membership including the benefits of the PMAA Disaster Fuel Response Program. If you have questions about the PMAA Disaster Fuel Response Program please contact Sherri Stone at 703-351-8000 or ssone@pmaa.org.

Sincerely,

Sam Bell
Disaster Response Director
Past PMAA Chairman
