Make a difference.
Join PMAA’s efforts on behalf of our industry through your donation to the Marketers Defense Fund.

“Donating to the Marketers Defense Fund is critical to protecting petroleum marketers’ interests in Washington, D.C. I can’t stress enough how much it has saved my business over the years. The MDF played an integral role in helping to defeat a 10-micron diesel filter mandate at retail.”
Mark McBride
PMAA Chair 2018
Cox Oil Company, Union City, Tennessee

“The Marketer Defense Fund is integral to PMAA’s successful defense of petroleum marketers’ interests. These funds are used to support special research and the costs associated with defending our interests at the many legislative and regulatory hearings and meetings.”
Sharon Peterson
PMAA Chair 2019
Apple Oil Company, West Haven, Connecticut

www.pmaa.org/mdf
PMAA established the Marketers Defense Fund (MDF) to assure that the industry’s best interests are represented on the legislative and regulatory front. This fund has already effectively defeated regulatory initiatives such as proposed requirements to place the point of compliance for fuel quality at the retailer, force a 10-micron diesel filter mandate as well as a costly wetlines retrofit and automatic temperature compensation (ATC) at retail. Other uses of the fund include:

- Conducting a diesel fuel additive corrosion study
- Hiring technical consultant to represent PMAA at several regulatory agencies
- Working to approve a low liquid level integrity test as an alternative method for containment sump testing that is required under the 2015 federal UST regulations
- Participating in task groups regarding 95 RON which the refiners and autos consider as a future fuel to preserve the liquid fuels industry.
- Continuing to lead the way in disaster response efforts by reforming the waiver process, clearing regulatory hurdles, minimizing delays at weigh stations and speeding wait times at water borne terminals.
- Submitting a proposal to the NCWM to require the term “E15” to be included in marketing of E15. Instead of “unleaded 88,” need to call it “Unleaded 88 E15.”

Through the MDF, marketers have saved roughly $1.3 billion — that’s $162,500 for each PMAA company.

Your donation is tax deductible as a business expense but not as charitable giving. You can contribute either by check or credit card on behalf of your business or as an individual. Every cent goes directly toward PMAA’s lobbying efforts. Contribution amounts are not limited. One suggestion is to donate at least one dollar for every member of Congress ($35 provides $1 for each congress member, $1,070, $2 for each congress member, etc.).

Together we can make a difference in Washington, DC through the Marketers Defense Fund. Consider joining our effort to make our industry the best it can be!

“I can't stress enough how much it has saved my business over the years.”
